

Single Window Mechanism for Solar Power Projects is as follows:

1.
 - i. State level TS-iPASS cell will act as the Co-coordinating agency & interface with the entrepreneurs for all clearance.
 - ii. TS-iPASS to receive necessary application & payments from the Solar Power Project Developers and disburse them to the relevant departments.
 - iii. TS-iPASS will process and issue all the required clearance.
 - iv. TS-iPASS cell to hand over documents specifically related to Energy Department (TSDISCOMS/TS TRANSCO and CEIG) to SPC/TSSPDCL, for further processing of clearances.
2. Furnishing of either of the below mentioned documents by the Solar Power Developers is a pre-condition for processing of application by TS-iPASS.
 - i. Technical Feasibility – Issued by DISCOMs/TSTRANSCO/Solar Power Cell

or

 - ii. Signed Power Purchase Agreement (PPA) with DISCOMs.
3. Mode of Operation of Single Window Clearance System.
